

THE CASH BOX

THE CONFIDENTIAL WEEKLY OF THE COIN MACHINE INDUSTRY

Vol. 7, No. 43 WEEK OF JULY 8, 1946

Everybody Sees It!

That's Why Every Location Owner Wants A WURLITZER

• Urban, suburban and rural America ... they're all seeing Wurlitzer's national magazine and billboard advertising. They're all being told that it's fun to go where you can play Wurlitzer Music. And they're going . . . by the millions to locations identified by Wurlitzer's Sign of the Musical Note.

That's why every location owner wants a Wurlitzer and every Wurlitzer Factory - Approved Music Merchant is in a position to get and hold the best, biggest paying locations in his territory. The Rudolph Wurlitzer* Company, North Tonawanda, N. Y.

*The Name That Means Music To Millions

Watch WURLITZER
EXTEND ITS Leadership

The 10 Per Play 2 for 15 Test

In the Fourth Anniversary (June 24, 1946) issue of this publication there appeared a report from a Passaic, New Jersey music operator regarding the fact that he had tested a dozen juke boxes on as many tavern locations at 10c per tune, 2 for 15c.

The results of this test were truly remarkable and, to say the least, extremely revealing to all the industry. The test proved that this operator earned 25% more profits from his equipment on this increased cost per play basis than he had ever before earned.

But, this was only part of the proof needed to convince many in the trade that the time for obtaining more profits was extremely necessary. It definitely proved that the operator could cut down to a 70%-30% commission basis as long as the location owner received just as much from the machine's collection as he formerly did. This was the entire crux of the 70%-30% commission situation.

When The Cash Box conducted its survey in the May 13, 1946 issue asking the trade whether it favored the:
1) 70%-30% commission basis, 2) 10c per tune, 3 for 25c, or 3) "front money" from each machine each week, so that the operator would be assured profitable continuance in the coin machine business — it did so in the hope that the result of this survey would bring about a national basis for all coin machine operation — alike to the 50%-50% basis nationally accepted up to this time.

But, The Cash Box realized, as did all intelligent coinmen, that the storekeepers would not stand for a cut in their commissions at this, or at any other time. Something had to be done to maintain the backing and support of the location owners to the automatic machines in their locations. Many feared that if the location owner received less money he would lose interest in the equipment. This seemed logical.

Therefore when this operator made this test with twelve juke boxes playing at 10c per tune, 2 for 15c—he possibly opened a new and better path for all the trade to follow. He is paying a great many of his locations only 25 per cent, some 30% and others are giving him "front money."

Therefore, it wasn't a question of percentage — it was more the problem of continuing to give these locations as much as they had formerly received from the operation of the juke boxes in their places so that their good will and support would continue. And, since he proved to himself, and possibly to all the industry, that such payment to the locations could continue — but that this required a new type coin chute — then he may have the solution to one of the most pressing problems with which the operators of this nation are today faced.

It is a very well known fact that the present high

It is a very well known fact that the present high prices of equipment, plus the inflated overhead costs, have forced the average operator to seek some new means for greater returns from the equipment he operates so as to assure himself amortization of the new machines he buys within a reasonable period of time, profits on his investment to cover his overhead costs and living expenses, as well as to stabilize his future with sufficient financial reserve.

Therefore all the industry has been closely following The Cash Box suggestion for the past four years to somehow adopt a new means (and the one which received 40% of the votes, the majority, in the May 13 survey was the 70%-30% basis) so that commissions would be better divided to assure the operator continuing on profitably in this business.

Perhaps, then, the answer may be 10c per play, 2 plays for 15c, and the payment of only 30% commission — (which would still give the location owner practically as much as he earned at 50% commission) and the operator at least a 25% increase over his present earnings (as proved by this operator in this test) so that he could be assured of remaining in this business on a profitable basis.

This operator suggested that every coin machine man in the nation make the same test. There lies the answer as to whether this is, or is not, the best commission method yet suggested.

OPA DEAD(?) COINNEN NOT EXCITED

New and Better Commission Basis Will Solve All Ensuing Problems

NEW YORK — In a rapid survey conducted by the three offices of *The Cash Box* (New York, Chicago and Los Angeles) this past week to obtain this industry's reaction to the veto of the OPA bill by President Truman, concensus was that this would not as yet affect the coin machine industry, and that the best procedure would be to await further events.

A few felt that in view of the fact certain suppliers (as of Monday, July 1) would no longer take orders for certain parts on a set price basis — that there might be an inflationary trend indicated by this action and that machine prices might rise above the prices already quoted. But, as one manufacturer pointed out, most of the machines already introduced would have to go up anyway and that this would not be due to the OPA demise.

This nation has been created on a free economy. Those who feel that they must have "the big stick" over their heads continually, whether by Federal, state, county or city law, overlook the facts which made this nation so great. There is no need to hold back production because of price. But, the main thought thruout all industry, is the hope that the manufacturers, wholesalers and retailers will attempt to "hold the line" while production catches up with demand.

There is a possibility, however, that prices of certain supplier's parts, certain overhead costs and various smaller miscellaneous costs, may rise to iew levels — which they would have risen to anyway, due to the fact that OPA had agreed there would have to be a rise placed into effect to overcome higher wages.

For four years now The Cash Box has been urging the average operator to better his present 50%-50% commission basis. Whether OPA remains dead or is revived on a new basis, the most important thing which the operator can do is to pro-

tect himself with a new and better commission arrangement between himself and his locations. He must today obtain much better than 50% of his gross collections. He must earn more so that he can pay more for the equipment he purchases and also amortize that equipment in as short a period of time as possible so that he will be able to continue in this business.

OPA stepped out of the coin machine industry directly, many, many months ago. It allowed this industry to continue on a free economy basis. Prices of equipment did rise. But, they did not rise because the producers in this business wanted them to go up. They were forced up. Prices quoted to manufacturers by suppliers and labor's wage demands as well as tremendously increased overhead costs — forced them upward. The manufacturers in this industry have already proved that they could and did "hold the line" on a free economy basis.

The fact that used machines rose (in some cases) to far above any prices ever dreamed of was only due to the economic law of supply and demand — and not due to any black marketing nor profiteering. It simply was occasioned by the fact that machines were not being produced in sufficient quantity to lower the used market prices and, with the demand growing greater every day, instead of easing off, prices were sent skyrocketing. It is well known thruout the trade that these prices will fall back to more normal and re-adjusted levels when production catches up with demand.

Coming back to the acute need for a better commission basis — there is no longer any doubt (and the demise of OPA should clarify this) that operators must obtain more from their collections than they ever formerly did, so that they can continue profitably in this industry.

In the first place, should the death of OPA create greater overhead costs

— because of increased rents for

quarters, increased prices for tires, tubes, trucks, parts and supplies of all kinds — then surely the operator, too, must obtain more money to cover this overhead. Should new machine prices rise a few more points — then he must again obtain more money to assure himself of more rapidly amortizing his equipment.

From every standpoint, then, whether or not OPA does or does not die at this date (or at a later date) the one big problem which has been placed before this coin machine industry time and time again by *The Cash Box* — is that the operator must arrange for a better commission basis — and he must do so immediately

He must cut down his locations to 30% commission. Either that or he must immediately obtain "front money" whether this amounts to \$5 or \$10 per unit per week in advance of dividing collections.

Some, as readers of *The Cash Box* know, have asked that a 10c play (2 for 15c or 3 for 25c) be placed into effect, and that the balance then be arranged on a 70%-30% basis. These men argue that to cut down the location owner's commission is one thing, but to cut down on his weekly take from the equipment in his place—is another.

They claim that the 10c per play will bring in approximately 25% more take and, in some cases even more, so that if they then arrange for a 70%-30% split — the location will be receiving as much as he ever did — or approximately the same — and that the operator will then be getting more for himself — which, they claim, is the answer to the entire problem.

In short, then, it may be stated that this industry does not fear a free economy. It actually welcomes it. It has been practicing it for sometime. But, it knows that it must change its present methods to assure itself continuing onward on a profitable basis.

MERCHANDISE VENDERS GAIN NATIONAL PUBLICITY

Greater Acceptance Assured New Type Venders Due to Good Publicity in the Nation's Press. Predict Big Swing to Automatic Merchandising in 1947.

NEW YORK—Many automatic merchandising leaders predict that there will be the greatest swing to vending machines in 1947 ever before noted in this industry.

They base this prediction on the fact that never before in merchandise machine history has there been so much favorable press comment to the announcement of the new equipment which is to be produced the moment conditions permit.

In addition to this good publicity which the vending machines have obtained in the nation's press, is the tremendous interest being shown in the new automatic merchandisers by retailers, by business men of all types and by the public generally.

Many manufacturers have reported that they have been in receipt of requests from outstanding manufacturers of daily necessities for conferences as to how vending machines would prove of help in merchandising their products more efficiently and economically. Many of these industrialists are now sold on vending machines for their products.

At the same time it is a known fact in the trade that many coinmen are eagerly awaiting the arrival of new machines to place them on locations where retailers have been pointedly asking for them — due to the press publicity — and also due to the fact that the retail store-keepers have learned that vending machines are of tremendous value to them.

The well known 24-hour-per-day salesmen — the vending machine — has reached up to new and greater importance in the business life of this nation. It is today as well accepted as any proved method for

merchandising products of all types.

Not only are the candy, cigarette and beverage manufacturers eagerly awaiting the presentation of the new machines, but today the producers of frozen foods, and dozens of other items are just as anxious to get started merchandising this economical and efficient way.

The automatic merchandiser has come of age. It has been accepted by firms who frowned upon it in former years. It is today, because of refrigeration and other great improvements, opening a new path for this industry.

this industry.

Formerly, theatre owners as well as apartment houses decried the thought of installing vending machines of any type. Dirt, crowds, vandalism, etc., were in every argument advanced by these people. Today, the picture has so changed that these are the very people asking for the new machines to be placed in their locations so as to assure their clientele the finest service.

The beverage vending machines are definitely established. Frozen food machines await standardization of packaging and complete distribution. Machines that will vend food and drinks are in the making. The frankfurter venders have already won great publicity — and hot coffee machines follow right in with them.

Over 15 years ago National introduced machines for vending grocery and bakery items — as well as a cylindrical hot coffee machine. Now this type of merchandiser is being asked for by the large apartment houses and also by many store-keepers.

To add to the convenience of these machines and to make them even

more efficient — comes the coin changers. Already three of these have been introduced to the field. The Bell Products Co., "Beacon Coin Changer"; Vendo's "Coin Changer" and the new Bell Aircraft Corp. coin changer. These will not only be placed right on the vending machines but will also act as separate units for change making purposes. And, many believe that because of the perfection of these coin changers, the merchandise machine field will be tremendously advanced.

What is most important to the entire field is the natural swing to merchandising equipment which usually follows this sort of publicity. The trade feels that much new blood can be expected to enter this division of the business. They are also of the belief that many machines will be manufactured to sell direct to locations. One of these will be the large units for frozen foods which many department stores will want to install. And, in addition to department store installation, there may be automatic stores created selling frozen foods via vending machines, just as there now are coin operated laundry stores — needing but one or two persons for servicing purposes.

Cosmetic and beauty preparation manufacturers are again becoming interested in the field. Years ago Jergens introduced a vending machine. The lessons learned here have been of help to others in the cosmetic field and there is a belief that soon after production of all types of merchandisers gets under way — the beauty business will be using vending machines to feature many of its specialty items.

OLD OPS BURN AS NEW BLOOD UPSETS DEALS WITH SCREWY COMM. OFFERS

Urge Distribs Tell Newcomers About Commission Setups and Practical Biz Methods

NEW YORK — The Cash Box has been in receipt of many letters these past weeks from established operators who complain bitterly about the new blood which is entering into the business and which is, according to them, upsetting some of the best ter-

One op wrote, "I don't mind competition, in fact, I welcome it for, if anything at all, it keeps us on our toes and makes us get out and do things. But, I sure do hate the kind of competition we are getting in this territory. In the first place most of these people are working in some factory and are being sold a few used machines at tremendously high prices. That's okay with us. What prices. That's okay with us. What hurts is that they immediately get out in the territory and begin to offer the screwiest commissions we have ever yet heard of in all our history in this business.

"For example," this op reports, "we found one of our machines turned around in a location we had serviced all during the war. The reason? This new, so-called operator, had offered the storekeeper \$250 cash and the first three week's take on the machine. And, as if that wasn't enough, he then slipped the bartender \$20 and two of the other employees \$10 each.

"We know that he can't last and pay 60 percent commission to the location owner at the same time," he continues, "but, what he has done,

is to start a snowball rolling downhill here with other locations phoning in and telling us that he has been around making them the same kind of offer. He works in one of the factories here and so far has placed five machines. He must figure on the machines making enough for him to get him off his factory job eventually. We know that he just can't do it. And so does every good operator in the country. In the meantime, tho, he has raised merry hell around here and we've got our hands full trying to straighten out this territory. In fact, we were already paying only 30% commission to some of our locations and now have been forced to go back to 50%."

This letter is typical of a great many others which have been received. One operator writes in to deplore the practice of a certain distributor who is selling now blood brand new equipment and telling them to operate on a 50/50 basis. He reports, "Everybody in the industry today agrees with The Cash Box that we've simply got to get to a new and better commission basis and here is a distributor, who should know better, selling a newcomer to this field brand new equipment and telling this new man to operate on a 50/50 basis when this distributor knows that it's impossible to continue profitably on this basis with the price of the new machines being what they are and overhead what it

is. We simply can't understand a distributor for a large firm doing such a thing today."

One coinman wrote, "All that is needed today is new machines to get into any location. It surely isn't necessary, then, to offer big commissions to the locations and cash besides?"

The Cash Box proposed, many months ago, that some method be immediately adopted by the trade to teach newcomers to this field (and a great many are expected as production continues to loosen up) how to conduct their businesses on such a basis that they will be assured of profitably remaining in this industry. There is plenty of room for a great, great many more coinmen — but, there is no sound reason why territories should be upset by the entrance of these newcomers.

It is the sincere hope of these operators who have addressed themselves to The Cash Box regarding this problem that, as one coinman wrote, "The distributors will make it their business to advise these newcomers all about the present commission arrangements, about associations in the territory if these exist, and about all other methods of doing business on a sound and profitable basis so that all of us will be assured of continuing on without having to meet obstacles which are absolutely unnecessary. We know we can depend upon you at The Cash Box to help us obtain better methods

Jene Distribe Tell Newcomers and

OPS CRY FOR MORE BEER

Lack of Foaming Suds is Hurting Take All Over Nation

NEW YORK—Full effect of the beer drought is now being felt by ops all over the nation.

Some months ago when the Federal Government cut down on the use of grain to the brewers *The Cash Box* predicted that the hot summer months would show a definite decline in take.

The effects were first felt in the midwestern states with coinmen reporting, less than sixty days after government curtailment measures went into effect, that collections had started to drop. In a few cases reports came in where the take had fallen as much as 20% and in a few spots even more.

Generally the take has held up thruout the country regardless of the beer shortage, at least while the cool months were still here.

Now letters are daily arriving at the offices of *The Cash Box* from noted ops advising that the beer shortage has become much more acute and that take has dropped in some areas to an alarming extent. Even eastern operators, who formerly seemed to be immune from the beer shortage, are now also complaining — and crying for more beer to be delivered to their tavern locations.

The effect is nationwide. Ops in various spots report that they expect some of their beer spots to close down (as during the war years) for weeks at a stretch. Some state certain of their locations will close two and three days per week. Others report that their beer selling spots will only remain open for the weekends.

As yet eastern ops haven't felt a severe drop in take. Collections have been more or less normal for the hot months. In a few cases reports have arrived advising that collections are down 5% and in a very few cases as low as 12%. These are approximated and do not take into consideration the average collection drop which usually comes into effect during the sultry summer months.

What is more important to the cointrade, as one coinman reports, is that this definitely proves that coin machine men must work with the tavern owners as well as with the brewers so that there will not be shortages of this kind in the future.

Closer cooperation has been urged by *The Cash Box* time and time again with the tavern associations. It is today necessary for this industry to work with all allied trades so that it assures itself the most complete cooperation and eliminates any obstacles which may arise.

Everywhere in the nation there is expectancy that take will drop much lower than it has especially during the months of July and August because of the demand for beer and the fact that with the rationing now in effect by all breweries — in some cases cuts of 40% have been made in deliveries — there will be a lower collection period than ever before experienced — even during the war years.

g The Control of the

. . . .

"You've Got Me Crying Again" "Summertime" Boyd Raeburn Orchestra (Musicraft 366)

Here's a sweet little blues served up with neat instrumental tricks by the Boyd Raeburn Orchestra that'll do right in dinner locations or wherever they're wanting for atmosphere melody. Given a straight warbling by Margy Wood, the customers should like it. The backing, tho, should prove the real money side. It's "Summertime" and really well done as an all instrumental with some neat alto sax work provided by Johnny Bothwell. It's a neat package for the locations mentioned. Use it that way, and it'll net its share.

"Wolverine Blues" "Drum Improvisation No. 1" The Baby Dodds Trio (Circle 1001)

• The Baby Dodds Trio still have a way to go till they're up there, known and in demand. But if this disk is an example, they are a neat little instrumental combo who know how to make the most music with what they've got, 'cause with "Wolverine a pleasant little piece of hotcha, they do make it good, with clarinet, piano and drummerman all netting a bow. On the flipover, Baby Dodds does a side of solo drum work called "Drum Improvisation No. 1," and it may be that this cutting may be one for the money. Lots of customers would be happy to buy a nickel's worth of drum rhythm, and Baby Dodd's is well worth the price.

"Yo Estoy Aprendiendo Ingles" (I'm Learning To Speak English) "Obelli"

Manuel Lopez (Exclusive 223)

● For a first class Latino novelty catch Manuel Mendez on "Yo Estoy Aprendiendo Ingles" (I'm Learning To Speak English). Lyrics and music are nifty, and the way Manuel puts 'em both across adds up to a genuine money-making disk. Catch it and spot it in the soft drink parlors first. Ice cream sales may suffer, but juke box play won't. On the back, Manuel does an original called "Obelli." It's a good melody, and he does right by his own lyrics. The Rafael Mendez ork are due a vote for their top support on both sides.

DISK O'THE WEEK

"Along With Me"
George Paxton Orchestra
(Majestic 7195)

GEORGE PAXTON

• For a long time this reviewer has been waiting for someone to come up with a platter that'll do justice to a tune we'll stake our chips on, "Along With Me." And this cutting by the George Paxton Orchestra with vocal by Lee Taylor is the best to come up at this date. It's a halting, romantic ballad from the sock Broadway musical, "Call Me and should get heavy Mister," play in locations where romancers gather, what's more, its done sanely enough for any-body's dancing pleasure. Maybe you won't take to it at first listening, but the tune has a quality about it that wears down all opposition after a few re-peated listenings, and it's the repeats that come from the jukes that'll put this one across. It's dark horse that'll come to light, but suddenly. Watch the scoreboards. It's bound to hap-The backing, "This Is Al-. ways", is a good tune in its own right, and, officially, it headlines the platter. Nonetheless, our bet stands on "Along With Me." On both sides the Paxton crew

On both sides the Paxton crew show lots of promise. They do need better orchestrations.

"Bumble Boogie" "Sepulveda" Alvino Rey Orchestra (Capitol 262)

• "Bumble Boogie" is an all instrumental musical theme on which the Alvino Rey orchestra really strut with every horn, string and skin they've got, and with the variations they give it, you've got a top drawer platter that'll click and score in any location where they like it sweet and hot. Guitar fanciers will find a master at work, when they catch Alvino's work on this piece of wax. On the flipover, the boys go to work on "Sepulveda," with vocal by Jo Ann Ryan and the ork providing the background chorus.

"Rumba Rhapsody" "Babalu" Miguelito Valdes Orchestra (Musicraft 362) Rumba Rhapsody" is a quietly vi-

Rumba Rhapsody" is a quietly violent Latino melody which should find an eager share of customers, what with the ever increasing number of rumba fans shakin' it 'round the land. They'll take to this tune with a vigor. Adding up to this sock side is outstanding Walter Gross, punctuating thruout with a goldennote piano. Miguelito on the vocal is right in there, and the crew follow the south-of-the-border track right thru to the end of the line. The backing is "Babalu," and with Miguelito again on the impassioned vocal, his ork really send it. If you need a nifty Latin disk, snatch this one.

"My Fickle Eye" "It Couldn't Be True" Fontaine Sisters (Musicraft 15067)

● Tag the Fontaine Sisters to earn glittering fame as juke box personalities come a few more scores like this bit called "My Fickle Eye." They deliver a sock performance and should be taken to heart by the younger juke players in a hurry. On the backing they slow it up (but slow!) for the well known "It Couldn't Be True," and it's a disappointment. Nonetheless, "Fickle" should take heavy money, enough to make the platter well worth the price.

"You Ain't Such A Such A Much" "Little Eva" Cousin Joe with Earl Bostic's Sextet (Gotham 501)

• Cousin Joe is this reviewer's idea of the best novelty blues singer on wax, and on this platter he maintains that reputation with me. His voice is something out of the cellar trunk but what he does with it should cull pounds of coinage in the boxes. It may go best in Harlem-type locations, but if Park Avenue will pay a fiver to hear Harlem on Broadway, there should be lots of crowds who'd drop a nickel in the chute to this platter. Just spot it right; Cousin Joe'll do the rest. One more word. The instrumental support provided by the Earl Bostic sextet is, as usual, terrific.

"Cindy" "I've Never Forgotten" Jo Stafford (Capitol 259)

• Jo Stafford has one of the smoother vocal styles patterned for the boots and saddles crowd, and on "Cindy," a novelty ballad, she slips one across that should raise a chorus of hi-yi-yippees in any Tom Mix location. Flipped, Jo does "I've Never Forgotten" in the style that has earned her a host of fans. Hear it. It's enough to make you a fan, too. On both sides the instrumental support offered by the Paul Weston Orchestra is top flight.

27 - 10 - 3 WE WE WAY THE THE THE PERSON OF THE PERSON OF THE PARTY OF

Bob Eberle, who was with Jimmy Dorsey's ork, has just opened aa the Blue Mirror in Newark, N. J. (where Phil Brito clicked so well) and is reported to have the Joisey gals oohing and ahing. (By the way, Bob, did you, or did you not, yet lose that ciggy lighter wifey gave you?) . . . Handsome Hal McIntyre had his latest Cosmo Record plugged in Walter Winchell's column, with Winchell giving Hal's rendition "orchids", which ain't bad at all, at all . . . I'm wondering what Shirley Booth's first recording will be. Harry Bank, Cosmo's president, tells me that Shirley's going to go over in a great big way in juke boxes and that the first 65,000 of her first record have already been channeled to the juke box trade exclusively . . . Plenty of juke box men talking about that swell double-page spread in the Louisville Courier-Journal (Sunday, June 23) which gave the juke box biz a swell send-off.

Demand for foreign records is growing greater every day, according to the waxers of these disks. Italian, Spanish, French, Jewish, Scandinavian, Polish, Russian, Irish, and many, many others going into jukes all over the country... Luscious looking Connie Haines (Mercury Records) who can sing "Shoo Fly Pie" for me all day long, has just written a song herself, "Don't Treat Me Like That". It sounds just like something "made" for Connie ... Don't know whether this will go in locations—but may go good for rentals — Musicraft's new Arthur Murray dance instruction album. Dan Seymour, well known radio announcer, will do the narrating. Musicraft is planning to release the first album in September... Columbia has just released a brand new Benny Goodman record, "Blue Skies" backed by "I Don't Know Enough About You", Art Lund does the vocals on both sides ... Frankie Carle's latest for Columbia is Cynthia's In Love" backed by "I'd Be Lost Without You", both vocals by Marjorie Hughes ... Woody Herman's latest (Columbia) is "Mabel! Mabel!" backed by "Linger In My Arms A Little Longer", Woody doing the vocal for "Mabel" and Lynne Stevens vocalizing the "Linger In My Arms" side.

Talk about press agent gags—Bernie Kalban of Mills Music, Inc., who published the "Cement Mixer" got himself some very nice (free) newspaper space with a picture of a gal named, Evvle Johnson, whom he claims is the "Putti-Putti" girl, "on account of", says Kalban, "she has a concrete figure" . . . Desi Arnaz' (Victor) daily stint at the Roxy Theatre here caused a temporary loss of voice. He's dropping out of the Copacabana show because of it to recuperate by doing a little fishing . . . Harry James (whose "Friar Rock" record was chosen last week by Dave Quirk as the "Sleeper of the Week") opened at Convention Hall in Asbury Park, N. J., Sunday, June 29, for a week's stay . . . Charlie Barnet (Decca) is doing a crowd gathering job at the Aquarium Restaurant on 7th Ave. and 47th Street.

Frank Sinatra is the recipient of two new awards: the Modern Screen Award for the "Best Program of the Year" and the National Father's Day Committee Award for the "Radio Father of the Year"... Just in case you're interested, three of the "Modernaires", well known vocal group, are former bandsmen, Fran Scott who was with Red Norvo, Ralph Brewster who was with Glenn Miller and Johnny Drake with Eddy Duahin ... Woody Herman's recording of "The Good Earth" was chosen first among Swing Releases by Downbeat mag.

All Records Retail 75c plus tax

Italian

"Tic-Toc-Ta" "Che Nostalgia" Enzo Di Mola & Orch. (Standard Int'l 6009)

• "Tic-Toc-Ta" is one of the better Italian waltzes to be heard around town, and this version offered by the Enzo Di Mola orchestra should really be found tops wherever they like a truly gay novelty. Enzo does the vocal himself and his performance is strictly in keeping with what the old timers want to hear. The backing, "Che Nostalgia", is an avid Italian tango done in workmanlike style by the Di Mola aggregation; however, the vocal treatment is nothing to write home about. home about.

Russian

"Baron Von Der Shpik" "Two Friends" Leonid Utesov, Vadin Kozin, USSR State Jazz Orch. (Asch 102)

• It's rare to find a disk of a jazz melody cut under the Soviet flag, but here's one, and it's sure to be enjoyed. Done to the melody of the old-timer, "Bei Mir Bist Du Shoen," Leonid Utesov really contributes an example of Soviet-styled jazz, complete with hi-de-hoing, as he sings "Baron Von Der Shpik", accompanied instrumentally by the State Jazz Orchestra, USSR. On the flipover, Vadin Kozin steps up and delivers the well-known ballad, "Two Friends." Accompanied instrumentally by a pair of capably fingered accordions, his version is effectively pleasant.

Slovakian

"Edelweiss Waltz" "Red Wine" **Ernest Benedict Quartet** (Standard Int'l 114)

• The Ernest Benedict Quartet really go to it with a vim in their rendition of this pair of continental melodies, "Edelweiss Waltz" and "Red Wine." All instrumental on both sides, the lads really satisfy more ardent tastes for the middle-European type waltz and polka; juke box, play for this disk will be limited to the more roomy locations where the folks can stomp it out. If that be the situation along your route, this piece of wax will earn its way.

Italian

"Come Back To Sorrento" Phil Brito (Musicraft 15071)

• This version of the almost universally favored "Come Back To Sorrento", should magnetize the nickels in Italian-American locations. Done entirely in the Italian language, except for a single last line, this waxing answers the demand for a first-class cutting of the tune by a first class singer and a first class orchestra. They'll love it. The reverse is "Give My Heart A Break" a popular romantic ballad done in regular swing fashion, but the "Sorrento" side is good enough to compensate even if the other is found useless in Italian-speaking locations.

AFTERNOON"

VOCAL: Bobby Byrne

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code number appear in front of the name of each machine.

- MEANS PRICE WENT UP.
- MEANS PRICE WENT DOWN.
- MEANS MACHINE JUST ADDED TO LIST.
- MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.
- MEANS PRICES REMAINED SAME AS
 IN LAST PRICE LISTS.
- MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.
- MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.
- MEANS NO PRICES QUOTED FOR MANY WEEKS PRICE SHOWN IS LAST KNOWN QUOTATION.

THE CONFIDENTIAL WEEKLY OF THE COIN MACHINE INDUSTRY"

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

LA SALLE COUNTY, ILL. \$100 SLOT TAX STARTS BIG

OTTAWA, ILL.—When the supervisors of La Salle County met here on June 15 and put thru, by a vote of 20 to 18, a \$100 tax on slot machines in urban as well as in rural areas (the rural area vote won first on an 18 to 16 majority and was then amended to also include urban areas) ops here were still doubtful that this tax would start on July 1 as big as some of the supervisors believed that it would.

The general belief among the supervisors who voted to tax slot machines was that there were from 300 to 1,000 of these machines in operation in La Salle County and that, even tho County Attorney Harold Langer stated that the law did not give county boards the power to impose special taxes of this sort on municipalities, they decided to go right ahead because they foresaw a possible revenue of close to \$100,000 per year for the county.

Supervisor Henry O. Denhardt of Ransom, Ill. was the man who won thru on the vote to include urban as well as rural areas. Denhardt estimated that in the county there are approximately 1,000 machines. He pointed out that on that basis the income from them, thru the tax, would run about \$100,000 per year. In his own township (Allen) he said, "Slot machines can be found everywhere but in the churches."

In the meantime this news made headlines all over this county and coinmen for a while believed that it would hurt rather than do any good for them. But at this present time it seems that the tax bill is well on its way and until the next meeting of the board of supervisors, August 23, the ops are willing to pay the \$100 per year to the county for the stickers necessary to be attached to all machines here. At the same time if a machine is stolen or broken and another replaces it, the same sticker will be good.

Some ops here are of the belief

that other counties thruout the state may follow the lead and also decide to tax slots for income purposes. As one noted coinman here stated, "Every county today seeks more revenue. With more veterans seeking work and with public works projects getting under way, we feel that every coin machine man is willing to pay his share to help his community."

Max Lipin Entertains Cosmo Stars

NEW YORK — Max Lipin of Allied Music Sales Co., Detroit, Mich., distributor for Cosmo Records, entertained Cosmo stars here recently.

Reading from left to right: Tony Pastor, Virginia Maxey, Tony's vocalist; Hal McIntyre who is showing Tony his newest Cosmo release which won "orchids" from Walter Winchell, Max Lipin in the foreground and standing back of his chair is Herb Hendler, Cosmo's artist director.

Lipin reported that the new Cosmo releases, "are winning more and more friends among the juke box ops thruout the country."

Trippe Mfg. Soccer Football Game

CARL F. TRIPPE

ST. LOUIS, MO.—Carl F. Trippe of the Ideal Novelty Co., this city, has started manufacturing a brand new amusement machine which is of the

soccer-football variety.

The game is called "Football" and the player has the opportunity of protecting his goal as well as kicking the ball into the opposing player's

This is a two man machine and has been pre-tested by Trippe in his arcades here with very good success.

Trippe reports that the cabinet is

of beautiful golden oak and is polished all around so that the machine can be set out in the middle of the floor and be attractive from all sides.

He also stated that the machine is being financed for ops here on the same basis as phono financing.

RECORDINGS

Only Solotone gives you all these 3 accepted features that pay off with the biggest take in individual music business.

1. DOUBLE COIN CHUTES. Solotone alone has chutes for both nickels and dimes. Repeated tests have shown that Solotone-equipped locations earn up to 30% more than any individual music system because of this exclusive Solotone feature.

2. TONE AND BEAUTY. Only Solotone has a genuine 6-inch speaker and a die-cast box. This gives true, high fidelity tone which means more repeat business from customers. And the die-cast box has real eye-catching beauty.

3. BUILT TO LAST A LIFE-TIME. Solotone is engineered and built to give uninterrupted, trouble - free service for years. It will continue to pay you dividends long after other equipment is worn out.

Don't be satisfied with anything less than the 3-way Solotone deal. Phone or wire for the complete story today.

Distributors for Western half of Missouri, all of Kansas, and Eastern part of Nebraska, Western part of Iowa.

Suggest Distribs Renew Ops' Orders Monthly to Solve Duplication

BY BERT MERRILL

Special to The Cash Box

ST. LOUIS, MO.—The many problems accruing from the shortage of games, phonographs, vending machines, parts, etc., which are sold on "advance orders" to operators are being solved with a "monthly registration plan" by one St. Louis coin machine distributor.

His organization, long ago, set up a registration plan whereby operators, anxious to build up locations or replace war-worn equipment, could order machines in advance, and expect delivery in sequence according to the date on which the priority was written up. A large ledger, classified into twenty sections covering phonographs, parts, pin games, vending machines, arcade equipment, counter games and even salesboards was set up for the purpose, and operators were invited to write in their own names, guaranteeing delivery in turn.

This system, which is also in use by appliance dealers, radio stores, etc., proved to be full of drawbacks, according to this St. Louis distributor. "Jealousy was one of the worst factors," he explained, "whenever we delivered a new phonograph, for example, to the operator who was No. 15 on the list, those on Nos. 18 and 20 were bound to hear about it, call up, and complain bitterly that someone had gotten ahead of them. Even when we let the operator write in his own name, fixing its sequence in his mind, this happened. Everyone was so anxious to obtain merchandise that they felt cheated."

Another drawback, surprisingly, was the fact that the long list of registered names proved to be full of "deadwood." Operators, when telephoned and asked to pick up whatever they were registered for, declined any interest in the item. This was particularly true of parts, replacement motors, used pin games, almost half of the names listed refusing to buy.

"We ascertained definitely," one distrio stated, "that the reason for this was duplication. Operators registered their names everywhere in search of equipment. Lots of operators picked up the item somewhere else. When we were forced to telephone 11 operators who had given

us 'orders' to sell one machine, we felt that the time had come to do something about it."

What was "done about it" was to put the registering of names for any item on a strict monthly basis. Now, whenever an operator comes in in search of anything, he is told that he may give an advance order, and that the distributor will do everything possible to make delivery during the next thirty days. If this isn't done, the operator is told, he must come in on the first of the following month and "re-register" — signing up all over again.

"This idea has worked wonders to streamline business and eliminate duplication," the distributor said.

"If the operator isn't seriously intending to buy whatever he signs up for, he won't bother to come around and sign up again. There aren't any misleading names on the registry book to make us feel that we've got a wide-open market. On the other hand, if the operator is a determined, serious seeker for equipment, such as

an ex-serviceman just returned to his routes, the plan guarantees that he will get earlier delivery. If he really needs the equipment, he won't mind coming in every month until he gets delivery. We have been able to keep the list down to a moderate number of names, every one of which is a bonafide, dyed-in-the-wool prospect for whatever he listed. When we telephone these operators, we do business."

The complaints and ill will arising from deliveries which operators invariably feel were made out of turn, etc., has likewise been eliminated under this new plan.

"When the order is written in, we make certain that each operator sees the number tagged onto his name, and how many people are ahead of him — both by names and numbers" the distributor pointed out, "Without so many to remember, the usual prospect isn't mad when we deliver a machine a few names ahead of him—because it means that his turn is getting closer."

3rd & BUTLER STREETS, MARIETTA, OHIO

British Mfr. Starts Sales to U.S. Coinmen

NEW YORK—For a long time now coinmen have been awaiting the entrance of British coin machine manufacturers ever since the announcement in England that they could

This is Hawtin's coin operated phono. It plays 16 records and is stated to have a tone arm so light and a needle of such long-lasting quality that tests have shown better than 4,850 plays per record. It is 4'3" high and has a 20 watt, 250 volt, 50 cycle amplifier. It is priced at 285 Pounds (Approximately \$1,140 plus whatever the import duty for phonos is in the U.S.A.). The firm also have another phono which is called their "De Luxe" model.

once again start building coin operated equipment but that they could retain only 15% of their production for home sales and must export the other 85% they manufacture. (This has just been changed to 60% for export and 40% for home consumption.)

This past week, H. V. Jackson, representative for Hawtins, Ltd., Blackpool, England, entered the offices of *The Cash Box* and asked for information regarding the American coin machine market. He explained that his firm were now ready to ship a complete line of their machines and that they were interested in appointing distributors.

The Hawtins' catalog is quite impressive. It contains a large variety of amusement equipment ranging from rides for amusement parks to counter games.

Also interesting is the digger type machine called the "Clutching Hand" which is about the same height as the Mutoscope "Magic Finger" and the Exhibit "Rotary Merchandiser."

The foreword then goes on to advise that Hawtins, Ltd. never did agree that England couldn't support amusement machine factories as did the American amusement machine industry. They report that they have a three and one-half acre factory with the most modern precision tools available.

Among the products featured in the catalog are, "Hawtins' Rapide" (which is the Dodgem car seen in

This is the Hawtins' pin game. It's called "Big Ben" and is priced at 42 Pounds, 10 Shillings (approximately \$170 on which there is a $27\frac{1}{2}\%$ duty imposed by the U.S.).

the Dodgem rids in this country); juvenile rides of all types, "The Clutching Hand" which Hawtins calls, "The Rolls-Royce of amusement machines." The "All-Win" which is similar to the old counter game "Whirlwind." The "Bunny Shooter" a gun along the lines of some of the counter game pistol targets in the U.S. but placed in a very large upright cabinet. The Rolling Road" which will remind Americans of Mutoscope's "Drive-Mobile" using a driving wheel and a slightly different idea of controlling the ride.

Announcing . . . HEATH COIN CHUTE ADAPTOR UNITS

FOR WURLITZER PHONOGRAPHS 412, 616, 24, 600 & 500

UNIT #1 INSTALLED-TOP VIEW FOR 412's AND 616's

NOW DELIVERING!

Complete Satisfaction Guaranteed or Your Money Back.

NO ARGUMENTS WHATSOEVER.

Price \$22.50 Each Unit

Each unit is composed of 3 chutes, 5c-10c-25c, and completely replaces 3 worn chutes on your phonographs. Chutes cannot be sold separately, as they will not work in conjunction with chutes now on your machines. However, once you buy a complete Heath Unit individual chutes can be replaced. Units are easily installed in a few minutes. Complete instructions are enclosed with each unit. Installation requires NO drilling, tapping or defacing of phonograph in any way. Heath Unit fits in same opening of phono cabinet, Heath Unit has same overall dimensions as the three chutes it replaces, Heath Unit has been tested on location several weeks. We know it is right. This unit is manufactured for our exclusive world-wide distribution by one of America's most reputable manufacturers. They have had years of experience and use only best materials. Unit is nickel plated and has brass slides.

Think of the pleasure you will give your customer. Now they can again gently push in a coin chute. No more bruised fingers and hands trom banging on worn-out chutes.

Be sure to order by model numbers. The Number I Unit fits 412's and 616's, the Number 2 Unit fits 600's and 24's, and the Number 3 Unit fits 500's. Remember this is a proven product.

These coin chutes are as near slug proof as is possible to build.

Write, wire or phone your orders. Orders with one-half (1/2) deposit given priority.

Dixie's most progressive distributors again bring you a "Peach from Georgia.

MACON, GEORGIA

Slot Seizure Voided

GRAND RAPIDS, MICH. of 18 slots by police last January 22 was declared illegal this past week by Superior Court Judge Taylor.

The opinion grants a motion to quash charges against Charles Orlikowski as owner of the premises and determines his right to the possession of the machines.

The opinion states, "The precise question is, does the fact that a person leaves his door unlocked thereby submit his premises to search and visitation at the whim of an officer who may happen to discover the door unlocked?

The opinion also sets forth that the room from which the slot machines were seized was used as a place for storage and repair only and that the prohibition is against the use of the machines in gambling, not against mere possession.

Chases After Ops Who Don't Buy Licenses

ST. JOSEPH, MO.-License Inspector John Dallenbach reported this past week that his drive to find ops who haven't bought licenses for their pin games netted eight so far and

brought the city \$80.

Deputy inspectors are chasing thruout the territory seeking machines without licenses. Either the owner of the place or the operator must purchase a license.

Dallenbach stated that the drive would be carried on and would cover the entire city area

THE UNIVERSAL BAR BOX BRACKET

FITS ANY BOX — FITS ANY BAR

• STRONG • STREAMLINED

ADJUSTABLE

Lightweight aluminum alloy with highly polished finish makes an instant hit with progressive operators.

Strong construction of non-corrosive, non-magnetic metal insures trouble-free and worry-proof installations
Adjustable to any bar or counter. Simple two-way clamp and secondary support makes it possible to install in a matter of minutes. Will not mar or deface any surface to which it is attached. Ideal for use on marble-top fountains.

or detace any surface to which it deforms the fountains.

Streamlined moulded exterior incorporates unique design which enables wires (including 30 conductor cables) to be concealed in the slotted main upright.

Holes, drilled and tapped on upper support, permit easy installation and changes from one make or model box to another moving bracket. An additional feature provides for use as a conventional bracket employing the use of screws.

R & S Sales Set **New Sales Record**

M. E. (TED) SNEARLY

RICHMOND, VA. — M. E. (Ted) Snearly of R & S Sales Company, this city, reports that, "Aireon Phon-ographs have exceeded our wildest expectations, even greater than our anticipations when we were at the initial showing in Kansas City last October. We are now getting regular weekly shipments from Aireon in rapidly increasing quantities."

In addition to which Snearly reported, "We have broken all sales records we have ever set. This is the greatest sales year we have ever yet enjoyed and if it continues on the way that it has been going we believe that it will set a new record for us to shoot at which we hope sometime this coming year to equal."

The firm are enjoying one of the best years thay have ever had, according to R. D. Rose, the other half of the R & S combination of Rose and Snearly.

Both men have been interested in the phono field for many years, starting their business in Marietta, O., from where they have developed down to this territory and where they have established a large distributorship establishment.

H & L Distribs to Hold Big AMI Showing on July 11 and 12

ATLANTA, GA.-Morris Hankin and Jack Lovelady of H & L Distributors, this city, will hold one of the largest showings in their history for the new AMI "Model A" phono on July 11 and 12.

They claim, "This showing will out-dazzle anything which has ever before been attempted in the South. Every star who is anywhere near Atlanta will be invited to be present. DeWitt (Doc) Eaton, Vice-President and General Salesmanager

of AMI will also be here.
"We predict," they continued,
"that this showing will be something which will be talked about

for many years to come. It will be held in the most beautiful coin ma-

JACK LOVELADY

chine headquarters in the country — our own offices right here in Atlanta."

GILMORE GIVES MORE DATA ON CONVENTI

Reports Less Booth Space Will Be Available. CMI Members to Get First Choice. Urges New Mfrs to Join Up Now. Advises Assns Make Known Meet Days to Assure Rooms.

JAS. A. GILMORE

CHICAGO-James A. Gilmore, Secretary-Manager of CMI (Coin Machine Industries, Inc.) issued a bulletin this past week to the trade regarding the annual coin machine show to be held February 3 to 6 inclusive, 1947, at the Hotel Sherman, this city, in which he gave more

details regarding the convention.

Gilmore reported, "This will be the first coin machine show since January, 1941. At that show 126 exhibitors occupied 204 booths. A total of 7,901 distributors, jobbers and operators from the United States, as well as from Canada, Mexico and seven other foreign countries registered. It was estimated at that time that between 11,000 and 12,000 people attended the '41 show.

"For the 1947 show," Gilmore continued, "there will be considerably less booths available because drastic fire regulations have compelled their elimination wherever they covered up, or interfered with, fire exits or equipment. There will be many more exhibitors clamoring for space,' stated, "if for no other reason than that the membership of CMI has nearly doubled and CMI members get first choice of space before it is offered to any other prospects.

In this regard, Gilmore said, "There is a possibility that the 1947 show will be sold out to CMI members."

He also stated, "Any reputable manufacturer of coin operated machines who is actually in production in such quantity as to assure delivery in reasonable time after receipt of order, is eligible to regular membership in the CMI. Coin Machine Industries, Inc.," he continued, "usually invite manufacturers to membership only after there is ample evidence they have become firmly established and are a credit to the industry and, therefore, desirable members.

"CMI directors will not accept any but desirable members," he said, "but, if a manufacturer can convince them he is producing and delivering and is anxious to exhibit in the '47 show, they will be glad to act on the application in time to be included in the first mailing of floor plans and exhibit contracts to members only. These will be in the mail for all members the morning of September 3, 1946."

Addressing himself to the various coin machine association executives, Gilmore said, "If you have a considerable number of members who desire to meet during our 1947 convention it is necessary that you advise us quickly the day you prefer to meet, whether morning or afternoon and the approximate number you believe will attend this meeting. Hotel meeting rooms are as scarce as sleeping rooms," Gilmore reminds, and also said, "It is necessary to reserve meeting rooms as far in advance as possible."

Regarding the banquet and show which comes as a climax to all the conventions, Gilmore reported, "Our' banquet and floor show will be held on Wednesday, February 5 at 7 P.M. in the Grand Ballroom of the Hotel Stevens. There must not be meetings of any kind arranged to interfere with attendance at this delightful event."

Applications for membership in CMI and all further data can be obtained from: Coin Machine Industries, Inc., Room 508, 134 North La Salle Street, Chicago 2, Ill.

708 SPRING ST., N. W., ATLANTA, GA.

N. J. MUSIC ASSN. VOTES 75%-25% COMMISH

Votes Full Credit to THE CASH BOX for Originally Bringing Plan to Trade and Urging it be Adopted for Over Four Years. Ops Must Have Every Location on at Least 75%-25% Commish Basis by Sept. 1. Telephone Music Voted 10¢ Play.

NEWARK, N. J. -- The board of governors of the New Jersey music operators' association (Music Guild of America) met this past week (Tuesday, July 2) and after short discussion plunged right into the business at hand regarding arranging a better commission basis for all music machine operators in this state.

The first address to the board was entirely based on giving complete credit to the efforts of The Cash Box regarding the fact that this publication originally proposed that all music operators give only 30% commission to their locations and had continued to propose this entirely new, national commission basis for over four years.

Immediately afterwards, the board of governors, composed of: Barnet Sugerman of Newark, N. J.; Harry Pearl of Elizabeth, N. J.; Harry Wichansky of Elizabeth, N. J.; Sidney Mittleman of Newark, N. J.; Humbert Betti of Union N. J. and Jambert Betti of Union, N. J. and Lambert Marx of Union, N. J.; along with the organization's president, Bob Weller of Cliffside, N. J. and the attorney for the group, Sol Kesselman, as well as its managing director, LeRoy Stein, completed plans for a changeover from the present 50%-50% commission basis to a minimum 75%-25% commission basis.

This 75%-25% commission basis (25% to the location owners and 75% to the music operators) must be placed into effect in Essex County (where it is first being instituted) by September 1, 1946. This is the minimum commission arrangement which the board of governors will allow thruout the state of New Jersey. The managing director, as well as all the operator members of the Music Guild of America and every board member will be asked to police this arrangement on every location. Any violators will be brought before the board of governors.

Should the operator decide to obtain better than 75%-25% commission basis this will be perfectly agreeable to the organization. But, he is not allowed to obtain less than the 75%-25% commission arrangement.

As far as telephone music is concerned, the board of governors agreed that minimum play should be 10c for all telephone wired music. This has already been placed into effect by many of the operators of this type of music. Now, with the association making it official, those who held off will also have to enter into this sort of an arrangement.

The association further plans that within three to four months play should go to 10c for all juke boxes and they have agreed among themselves that they can earn more and give the location owner more at 10c play—giving the storekeeper 35% of the commission from juke boxes instead of 25 per cent.

"Scientific American" Calls Coin Machines **Plastics Proving Ground**

NEW YORK-The "Scientific American" magazine went all out in its July issue in a feature story written Charles A. Breskin, editor of Modern Plastics, headlined, "Pin-Ball Proving Ground." In his subheading, Breskin wrote: "When materials stand up against the ravages of 'jive' fans, irate nickel 'recoverers' and table-tilt artists they've got to be tough. Coin machine applications have proven that plastics can endure rough treatment and retain their clean and colorful sales appeal."

This two page story is illustrated with pictures of the "Canteen" triple dispenser, - candy, gum and nuts; the Seeburg 1-46 phonograph and

the Bally "Surf Queens" pin game.
In starting his story the editor writes, "Coin machines - a tremendous potential field for expanding plastics applications given a big play by the public during the war, both for amusement and purchasing food. And the coin machine industry, converted almost entirely to war work, could do little more than patch the pre-war ma-chines and hope that they would last the duration.'

He also writes, "Now, having come out of the war with greatly improved equipment and increased plant capacity, the manufacturers of these machines plan to replace the worn out units and to increase the total

number. Estimates for 1947, now set as the first post-war year of normal output, indicate a production of 1,500,000. This figure, of course, div-

ides into three broad fields - vending machines, juke boxes, pin-balls and similar units."

GE Presents X-Ray Slug Detector

W. FULLERTON AVE., CHICAGO 39, ILLINOIS •

"IF YOU MISS US - YOU MISS MAKING MONEY"

SCHENECTADY, N. Y. A machine with x-ray vision for detecting counterfeit coins has just been de-veloped by the General Electric Company here.

The new device (as shown in the above picture with C. A. Hansen, Jr., G-E engineer testing nickels in it) is also known as the "X-Ray Photometer".

The photometer measures the x-ray absorption of a genuine nickel, dime, quarter, half-dollar or any other coin by directing an x-ray beam at a

fluorescent screen. The strength of the x-rays, after passing thru the coin under test, is transposed by the fluorescent screen into visible light. This light intensity is measured by photo-electric equipment. The result is registered on a dial and compared with x-ray absorption of a suspected item, which does not possess the absorbtive power of the genuine article.

What is most interesting to the cointrade in the development of this new x-ray vision machine is the fact that the unit can be applied to all types of vending machines and will act to reject slugs and other spurious

OKLA. TOWN DIGS UP '36 ORDINANCE SLAPS HEAVY TAX ON COINBIZ

SHAWNEE, OKLA. — City officials of this town dug deep into their old records when City Manager R. L. Seaman began a search for increased revenue while working on the city's budget and City Attorney Randall Pitman, Sr., came up with an old 1936 city ordinance which had never been enforced.

The ordinance, "Number 621", was immediately placed into effect here and all ops in this area were warned to obtain the necessary licenses and pay annual fees.

The City Manager also advised other cities in the state and there may be further ordinances in this direction.

This ordinance provides for four taxations, 1) "For each penny ma-chine, except gum and peanut machines, in which a penny is used to operate the machine, the sum of \$1 per annum payable in advance." 2) "For each nickel machine, in which a nickel coin is used to operate the machine, the sum of \$3 per month." (This makes the tax on all nickel games here \$36 per year.) 3) "For each machine in which coin or coins of more value than five cents is used to operate the machine, the sum of \$5 monthly." (This makes the tax on all machines using 10c and 25c coin chutes \$60 per year.) 4) "In addition to the above tax, as set forth, any person owning any of the above described vending machines or amusement boards, except 1c gum and peanut machines, who shall rent, loan or otherwise farm out the same, shall pay an annual license fee of \$60."

Definitely exempted from this ordinance are postage vending machines. The ordinance also prohibits any licensee from allowing any gambling on his premises, any intoxicated person to loiter, or the use of profane or violent language near the machines. Machines must be located more than two blocks away from schools and persons of 18 years and under are not allowed to play them.

Happy Birthday

J. A. DARWIN

EAST ORANGE, N. J. - J. A. (Joe) Darwin, eastern regional director for Packard Mfg. Corp., celebrates his birthday on Wednesday, July 10.

1889 Juke Box Still Going Strong

SEATTLE, WASH. — The "Times" of this city featured an 1889 music box in the home of Mr. and Mrs. Sam N. Glass here which is captioned "Juke Box Grandfather" in its Sunday rotograyure section.

gravure section.

The "Times" reported, "It does prove that prior to 1900 there were completely automatic contrivances capable of changing, repeating or playing a succession of musical records. The records, made of copper, can be bent but not broken."

Selection was made by twisting a knob to the number desired and then a crank was turned to get the music started. The "records" were large, circular copper plates, set on end. Lugs on these big discs plucked tones from a corresponding keyboard. The machine is spring driven and plays for a half hour. It is still giving Mr. and Mrs. Glass good service.

Happy Birthday

CHICAGO—R. W. (Dick) Hood of H. C. Evans & Company, this city, celebrates his birthday on Saturday, July 13. Congratulations to Dick and here's wishing him many, many more happy birthdays.

200 Million Take Seen for Minnesota Resorts

MINNEAPOLIS, MINN. — The press here believes that this famed resort state will take approximately 200 million dollars this season. The "Tribune" stated, "An avalanche of public spending is ringing a prosperous tune in the cash registers, juke boxes and slot machines of Minnesota's vacationland."

Reports from the resorts indicate that everywhere the tourists are spending freely this year. Liquor is riding high and so are all types of machines as well as the juke boxes. The press believes that this season will probably set an all-time high record for the resort areas.

In addition to coin machines, one paper stated, "Dice games are also popular in the vacationland."

NEW YORK — Helen Carroll and The Satisfiers, Victor Record artists, listen to their newest release via the new AMI Model "A" phono. According to Helen, "Juke box music is the one and best way to get a song over the top and we are helping to plug this idea over wherever we travel thruout the country."

Change Making Venders **Intrigue Press**

NEW YORK - Carried over one of the leading new wire services, the story regarding the use of change makers in vending machines was featured in many leading newspapers thruout the country this past week.

As an example, the "Pittsburgh Press" headlined, "New Vending Machine Carries Its Own Change", and the story revolved around the fact that this was one of the greatest improvements for the consumers ever yet presented by the coin machine industry.

The "Newark Sunday Call" also carried a large feature story regarding the fact that vending machines would now make change.

Other papers also featured this story and it is believed that many locations thruout the nation will soon be asking ops for change makers with all vending machines.

Mc Daniel Moves Offices

SAN ANTONIO, TEX. — C. M. McDaniel of the C. M. McDaniel Distributing Co., this city, reports that the firm have moved offices and showrooms from 301 S. Main Ave. to 851-53 North Flores St.

He reports, "The new building is equipped with an excellent repair department. This larger office will enable us", he stated, "to service our customers quicker and better.

McDaniel also plans some interesting innovations for the the trade in this area and will announce these very soon, he reported.

Slots Not Always Gaming Device

ST. JOSEPH, MO. - When is, and when isn't, a slot a gaming device will be answered by Justice of the Peace Maurice Mason.

Attorney for one of the defendants in a slot case here contends that highway patrolmen who removed a slot from a storage room here, while it wasn't in operation, had not seized a "gaming device". In such instances the attorney stated, when a slot is not in operation, it is not a "gaming device".

BAND NOTES TO APPEAR FOR JUKE BOX OPS

NEW YORK — In a week or two The Cash Box will feature the complete routes of all noted recording orchestras as they travel thruout the country so that juke box ops can tie in with the orchestra featured in their town.

This has been requested from The Cash Box due to the fact that juke box ops have learned that when a leading orchestra comes to their town more coin pops into the machines featuring the orchestra's recordings.

on each of the 250 crates.

The machines are being shipped to the Veterans' Administration Supply Depot, Horseheads, N. Y., where they will be distributed to every Veterans' hospital throughout the United States.

"The volume sale of these machines to the Veterans' Administration," Hirsh De La Viez says, "is not surprising. Ever since the Red Ball was introduced to the coin machine trade, it has met with great success."

Hirsh also stated, "A combination pool and pin ball game, Red Ball, has

Mangan Says Television Screen Wrong Shape

JAMES T. MANGAN

CHICAGO - James T. Mangan, industrial designer and public relations expert, with many years' experience in coin-operated movies, today made

the following statement:

"Television is getting off on the wrong foot because the screen on receivers is wider than it is high. This shape (foolishly copied after the shape of the movie theater screen) necessitates a small image and makes impractical the televizing of dancing

acts and other features
"Before the television industry goes
much farther," continued Mangan,
"someone ought to be brave and different enough to experiment with an image and a screen that is about onethird higher that it is wide. Television must be an art all by itself and shouldn't try to copy or use the movies in any way!"

Marvel Mfg. Co. Moves

CHICAGO - Ted Rubenstein of Marvel Manufacturing Co., this city, manufacturers of revamp pin games, reported the removal of their firm's factory, showrooms and offices to 2847 Fullerton Ave., this city.

The firm will occupy 18,000 square feet of space in this new building. "Much of the credit," Ted reported, "goes to our new general manager, Bill Perry, for the splendid job he did in a week's time getting assembly lines set up and moving over in order not to hold up production on our new revamp, Frisco."

SUGGESTS CITY BUY ITS OWN PIN GAMES

CORPUS CHRISTI. TEX. -McCracken who writes the column, "The Crow's Nest" for the Caller-Times, this city, wrote, regarding the fact that the police here are expected to clear out pin tables paying off high score awards and prizes, "Sometimes the Lookout believes that it would be a good idea to make the tables legal, with the provision that in any city where their operation was permitted they would be owned by the city. The city, in turn, would be required to invest the revenue in a fund that would be spent for a specific program of public improvements. Maybe it's a silly idea, wrong and all that, but it's not nearly as silly as the present law which terms the machines illegal in one sentence, but in another requires that they be taxed. The people should make up their

Parr Visits Eastern Solotone Distribs

president of the Solotone Corp., Los Angeles, arrived here this past week after a trip extending thruout the midwest and into the deep south,

Parr reported, "Demand has been increasing daily from all of our dis-tributors and we felt that this was the time to visit with them and explain that our production has been more than doubled.

Parr also stated that F. E. Wilson of the firm was traveling thruout the midwest states at the present time also meeting with the firm's distributors.

Employees of every factory in town really enjoyed themselves this big July 4th weekend and their "bosses" were more than happy to get away from the plants themselves to think over the many changes which had come about on the national business scene this past week. There were quite a few who had planned plans and the general belief here is that things are going to open up big-all of a sudden, too. In fact, some of the men are ready to make announcements which should prove of outstanding importance to all the trade . . . By the way, the manufacturers here will be called together very soon to consider the membership of one noted producer whose plant is not considered to be what it should . . . There will be an entirely new type machine introduced within the next few days-maybe by the time you get around to reading this column . . . And there is also a little counter game here that is soooooo small-with everyone who has seen it absolutely raving about it—beacuse it actually pays out

Around the town this past week, helping some of the boys celebrate the 4th-Angelo (Angy) Delaport of Rex Coin Machine Distributing Co., Syracuse, N. Y. and his well liked and capable salesmanager, Cliff Bailie. Both men reported to be anxious to get more and still more equipment because they're flooded with orders . . . Dick Wernecke and his partner, Malcolm Gildart of R. Wernecke Co., San Antonio, Tex. also in town and both men just as anxious as ever to get their machines shipped out fustest and fastest so that they can take care of the orders they have on hand . . . Sid Stiebel of Southern Automatic Music Co., Louisville, Ky. also in town and reported to be seen over at the big Seeburg factory trying to get about compteen carloads of the new Seeburg phonos shipped out to his many offices right quick . . . Joe Ash of Active Amusement Machines Co., Philly, Pa. and Newark, N. J., also in our Windy City and making deals just as fast as they can be made wherever they are ready to make them. By the way, Joe carries no calling cards with him. Simply tells all and sundry, "My name and address is in The Cash Box."

Roy Volner of Elkhart, Ind. popped into town looking for some more equipment . . . R. F. Jones of Jones Distributing Co., Salt Lake City, came all the way out here to the "east" to get some of the manufacturers to ship those machines in . . . Hy Branson of H. M. Branson Distrib. Co., Louisville, almost blown away by some of the winds we have here but still marching on ahead . . . Fred Anderson of Cliffside, N. J. one of the real old-timers in the coinbiz and who knows what's what was also around town and seen over at the big Jennings plant . . . Harry E. May and Winston Raber of Modernistic Amusement Co., Dallas, Tex., both in town and looking around at what's to be had while they're here. Both boys just recenty returned from the armed services and reported to be employing vets only . . . F. W. King of King Distrib. Co., Boston, Mass. also in town and reported to be making the rounds . . . Paul Glaser of Empire Coin Mach. Exch. returns from a three weeks vacation in Boston and just as Paul settles down to his desk in walks Gil Kitt who has been vacationing at his folks home in Baltimore.

Many coinmen attended the funeral of Paul Banks in Dayton, O. on June 24. Banks was well known to the cointrade . . . Three Gottlieb sons are now ex-soldiers and all are home relaxing-Alvin, son of Dave Gottlieb, has just been discharged from the Navy, Lt. Richard, son of Morrie Gottlieb of Dallas, Tex., just back from Europe where he served for two years with the 42nd, Rainbow Division, and Lt. Jerry, son of Mannie Gottlieb of Universal Films, also just discharged. All three boys returned to civilian life the very same week. And there was plenty of celebrating thruout the Gottlieb families ... John Neiss, western salesmanager of O. D. Jennings & Co. away on a vacation. And O. D. Jennings also away on his Mississippi plantation for several weeks of rest . . . Dick Groetchen flies down to his Florida estate to visit with Mrs. Groetchen and the children-which is a nice way to spend a short vacation . . . Al Sebring of Bell Products Co. plans to show the Beacon Coin Changer in New York sometime this month. There is plenty of interest in the Big Town on this great unit and the men have been asking Al to hold a big showing for the Broadway

Ben Stein, salesmanager of Coven Distributing Co., exclusive distribs for Bally's products, announced the opening of their Wisconsin offices this past week with Stanley Miller in charge. Stanley was formerly the owner of Wisconsin Novelty Co. and is an old timer in the coinbiz. The firm will be located in Kenosha and will carry a most complete line of Bally products with plenty of stock on hand (as it arrives) for the Wisconsin boys. Stanley personally told us, "Please extend a most cordial invitation to all the coinmen here to come on in and visit our new quarters" . . . We hear from Lew London of Leader Sales Co., that regardless of the fact he is still in St. Joseph's Hospital in Reading, his great horse, London's Folly, will be entered into the Lexington, Ky. Junior League Horse Show, July 15th. Lew expects his Folly to cop all of the honors that will be given at this show. Good luck, Lew . . . By the way, happy, happy birthday to that old, old timer—Dick Hood—of H. C. Evans & Company. And, Dick, here's wishing you a great, great many, many more happy birthdays . . . Jim Gilmore came thru with some long awaited info for the men who are looking forward to the first post-war show in Feb. . . . Bud Parr of the Solotone Corp. reported to have passed thru town en-route to New York City.

Dave Gensburg of Genco is reported to have something up his sleeve which will be of interest to us very, very soon . . . We're expecting a really grand, grand opening of the new Harry Marcus Co. quarters here . . . J. H. Keeney one of the busiest of all the mfrs in this man's town . . . Ray Maloney reported to have scooted off for the long weekend and expected to return with a grand sunburn . . . Many a coinman expects to be in town for the big music show at the Palmer House on July 15 to 19 . . . Leo Lewis of Lewis Coin Machine Service reported to be a very busy boy these days . . . Joe Munves is getting ready to pop with a real surprise for the trade very soon. From some of the grand ideas he has there is no doubt that Joe is going to get plenty of attention to this new manufacturing firm . . .

With a long week-end holiday showing up, coinrow was pretty quiet the whole week. Many coinmen left for a holiday, and those who stayed on didn't pay too much attention to business . . . Joe Munves, who just announced the opening of the Munves Manufacturing Corp. in Chicago, returns here for the Fourth of July week-end. Joe and his missus drive up to their summer home at Budd Lake, New Jersey . . . Joe Fishman, Atlantic New Jersey Distributors (Seeburg distributor), Newark, N. J. returns to his office this week-end, fully recovered from his appendectomy. Joe, by the way, celebrating the arrival of a grandson.

Arthur and Albert Herman, Boro Amusement move to their new elaborate offices at 1505 Coney Island Ave., Brooklyn... Another operator moving to new quarters is Charlie Bernoff of Regal Music Co... Ben Becker, Palisade Specialties Co., Cliff-side Park, N. J. really strutting (if that's possible for a 200 pounder). His wife presented him with a new son on Monday, July 1... Max Weiss, who operates quite an extensive and varied route in Brooklyn and Long Island, seen taking it easy on Tenth Avenue... Bernice Levison, former secretary to the manager of the Phono Ops Assn., and a former WAC Sgt., married Bill Nash on March 31.

Morris Hankin and Jack Lovelady, Jr. H. & L. Distributors, Atlanta, Ga., tremendously excited over their AMI showing scheduled for July 11 and 12. Hankin and Lovelady expect many out of town friends at the party—some coming great distances . . . Charlie Aronson and Bill Alberg, Brooklyn Amusement Machine Co., Brooklyn, leave July 6 for Chicago, and will be away for a week . . . Bill Blumenthal, Tri-State Sales and Distributing, looking forward to his coming vacation . . . Meyer (Parky) Parkoff, Atlantic Distributors, staying at the Atlantic Beach Club on Long Island for the summer.

Julius A. Levy, Manager of the New York office for Arthur H. DuGrenier, scenting the arrival of the new machines in the very near future, working like h---! Julius is spending considerable time on the road. After being away, he returned for the holiday week, and then leaves on July 8 for another trip... Harry Berger buys out Sam Gassner and becomes the sole proprietor of West Side Distributing Co... Phil Bogen claims he's leaving in two weeks for a trip thru the Pacific Northwest and Southwest, winding up in Los Angeles... Julius Malich, Delsex Music Co., is a collector of classical records, and claims he has one of the outstanding collections in the country.

Barney (Shugy) Sugerman of Runyon Sales Co. of New York working on a big record deal and will make an announcement in a very short time . . . Dave Lowy flies down to Miami for the week-end. Dave had trouble getting a plane, but after waiting

for some hours at LaGuardia Airport finally got on . . . Ira Byram, Silent Sales System, Washington, D. C. opens an office in Baltimore . . . Abe Block, Melody Music Co., tells about his son who has just been discharged from service and opens a shoe manutacturing company . . . One of the greatest post-war successes is Al Bloom's "Talking Gold" plastic grille ciotn. Music operators and renovating companies are mooding his office with orders . . . Mike Munves got the surprise of his life this week. An arcade owner from out of town admitted to him that he nad never neard of him. Mike thought (and so did we) that every operator who uses arcade equipment knew about Mike Munves.

Bob Stifer, East Coast Sales & Distributing Co., a tough man to see these days. Bob is continuously tied up in conference with the many ops dropping in to see about getting those Rock-Olas. The quartette, Dave Stern, Harry Pearl, Tom Burke and Everett Masterson, kept busy at the Elizabeth and Newark, N. J. offices along the same lines . . . Leo Knebel, Manhattan Phonograph Co. (Aireon distributors) kept busy continually now that the phonos are arriving. While Leo don't mind the hard work, he's moaning that they had to start arriving just when the weather here keeps hitting the 90's every day . . . George Ponser and Irving Kay, Amusement Enterprises, Inc., readying a big surprise for the trade . . . Now that the Vogue records are arriving in quantity, Nat Cohn and Earl Winters, Modern Music Sales Corp., have to keep close to the office. Earl had intended to take a short vacation, but that's off now.

The record and music convention being held in Chicago the week of July 15 will see plenty of Eastern coinmen present. Practically every recording company will have a display . . . Joe Ash, Active Amusement Machines Co., Philadelphia, Pa. returns from a visit to Chicago, flashing a great big smile. However, we can't tell if that means anything as Joe is always smiling. Irv Morris, his associate, who runs the Newark office, tells us the smile means good news . . . Music operators in the state of New Jersey go on a 75%-25% commission basis . . . Barney Kahn, Metropolitan Coin Machines, Brooklyn, N. Y. who just introduced his "Double-Up Skill Bowl" alley, happy over the acceptance of the game thruout the country . . . Charlie Katz and Leon Berman relax for a few hours and stroll down Tenth Avenue. Katz and Berman will be ready to spring their surprise in a few weeks . . . Jack Rubin, Max Schiffman and Teddy Blatt, Intimate Music Networks, Inc. (Solotone distributors) play host to Bud Parr, head of Solotone, who arrives in the city. Their offices, having been completely renovated will be ready when you read this . . . Tommy Merrillo, who just returned from 3 years in the service, opens up a Solotone studio.

It's congrats and many happy returns to Bill Wolf of the M. S. Wolf Distributing Co. who's celebrating his birthday this week taking a little time off and spending it down around the Mexican border, Bill expects his new general manager, Al Silberman in town this week . . . Elky Ray of the Gold Coast Coin Machine Exchange has just received a sample of the new Gottlieb one ball. Elky plans on setting up this new game in the headquarters of the A.O.L.A.C. for a few days so that all operator members can view and inspect it. In addition, a well known local op will place the machine out on location to give the game a thorough test.

Jean Minthorne, who recently suffered a painful eye injury, is well on the way to recovery and expects to be down to his offices this week, J. M. Harvey sales manager for Minthorne has been capably running things in Jean's absence . . . Otis Rene, president of Excelsior Records has moved the offices and shipping rooms of the firm to 1065 N. Fairfax Ave., Hollywood. Rene may soon release an announcement of a price reduction for his label.

Danny Jackson of Automatic Games has returned after two weeks in Chicago, where he closed several important deals for the distribution of several well known coin lines. Sam Donin, the other half of the firm, looked after affairs while Danny was away. Meanwhile, the carpenters are swarming all over the place remodeling and enlarging the building which they recently acquired at 2858 W. Pico Blvd., in the heart of coin row. The firm is distributing Pace slots in Southern Cal. and down Mexico way . . . Merle Connell, production manager for Quality Pictures, plans on going into production on a new series of 16 M.M. coin film for Panoram and Solovues. It's quite a treat sitting on the side lines and watching Merle select his lovelies from a group of very attractive gals. Nice work if you can keep your mind on it.

William (Bill) Leuenhagen is expanding his show-rooms. He has taken over the store adjoining his own and is moving part of his equipment there . . . Jerry Karpman of Modern Music is also planning expansion, Jerry has been in his present location just over a month and already finds it too crowded . . . H. M. De Govia of Dee's Service has been busy doing lots of reconing and amplifying work. In addition, he has proven a terrific broker of music routes. De Govia negotiated over five deals within one week with many more on the fire.

one week with many more on the fire.

Preston Jarrel and Ken Brown of Coinmatic Distributors on a trip North over the Fourth . . . The influx of Eastern ops to sunless Sunny Cal continues. The most recent to arrive is Jerome Kerns, formerly of Milwaukee, who recently completed a two year hitch in Uncle Sam's Army. He's looking around town and getting ready to go to work soon . . . William Cohen of Silent Sales Co., Minneapolis, in town on a selling tour . . . William (Bill) Williams of Williams Distributing is still out on jury service and sadly lamenting his hard luck that he may be tied up all summer, with the fishing season going right along without him.

That ever busy and traveling Bud Parr of Solotone is on another Eastern jaunt calling on his dis-

tribs and appointing new ones. Bud is covering Chicago, New York and New Orleans on this trip and plans on being away about two weeks. If he can, he'll buy some new equipment for the General Music Co. while on his trip . . . Evelyn Schell, secretary to Bill Williams of Williams Distributing Co., is just back from a two-week fishing trip in the High Sierras. Evelyn caught lots of fish and lots of sunburn . . . William R. Happel, Jr. of Badger Sales is having himself a swell time on his trip to the north country, and will spend a week or two at Lake Louise doing nothing but having fun and vacation. We hear that he'll have an important announcement to make when he returns. William E. Happel, Bill's nephew, very capably looking after things meanwhile.

Paul and Lucille Laymon planned to pass a safe, sane and quiet Fourth of July. The folks needed a rest after a very busy week showing the new Bally Console "DrawBell" which they have on display. The many ops who attended were quite enthusiastic after viewing the new machine . . . Ray Powers of E. T. Mape Music Co. is readying his showrooms to display the new Challenger '47 phono which he expects any day now. Ray made a swell buy of many used phonos from a northern army camp which he has had completely reconditioned and is offering for sale.

Len Micon of Pacific Coast Distributors received an initial shipment of the new H. C. Evans console. Of course they went right out as fast as they came in, but Len expects another batch this week . . . The ops showed a little more action this past week, coming into town and calling on the distribs along coin row in larger numbers than the past week previous. Among them were: Glenn MacCarter of Beaumont; Al Cicero, Santa Maria; Bernie Knott, Alhambra; Jack Bahler, Inglewood; Robert Boyd, San Diego; Tom Mercadant, Arcadia; Alex Koleopulos, Bakersfield; Ben Corenblum and Sam Brown, Los Angeles; Clem Korte, Glendale; Jack Neal, Riverside; Fred Allen Bakersfield; William Black, Bakersfield; Ollie Trevillian, Santa Barbara; Paul Koch, Lake Arrowhead; Otto Pelch, Santa Barbara; Frank Abbott, Alhambra; Ray Cheong of Honolulu.

Woody Herman, local op, who has been in and out of the hospital about six times within the last few months, is back in the hospital again. It's an old appendix operation that's giving him the trouble ... Matt Pratt, just out of uniform, is back to work in the amplifier department at E. T. Mape Music Co. ... Margie Gottlieb, daughter of Dave Gottlieb of Chicago is in town on a vacation and is staying with the Elky Rays and enjoying the country ... John Rough, of Phonofilm Productions, is planning to expand his activities in the 16 M.M. coin machine movie field. John will increase his already well stocked library and is setting up his organization to give ops tops in service, and quality film for their Panorams.

Len Kelly of the K & M Distributors has landed in Dallas, where he plans on setting up an office to handle the distribution of the firm's platters. Fred Myers plans on a trip to northern Cal on a selling tour, while Penny Eisen who recently returned to work, will look after the firm's affairs

Cool weather brought play up in local spots during the last week . . . phonograph operators now reporting boxes in ice cream parlors, drugstores, etc., showing a better play than those in the traditionally top-cash spots such as taverns . . . Art Schooley of Schooley Music Company was the lucky owner of a new Rock-Ola last weekwhich was hustled out into service to fill what Art terms "a slightly desperate need" . . . Another new phonograph went out to Frank Ballogg, op from Springfield, Illinois, who has haunted distributors continuously until he got the machine.

Another lucky Springfield operator who got delivery on new equipment was A. Maroconi, pin-game and phonograph man who covers much of central Illinois . . . Ideal Novelty Company is receiving plaudits on its new Ideal Concessions Company arcade recently installed at Hannibal. Although there isn't a new machine in the place, the St. Louis distributorship wielded a paint brush and metal polish to give a brand-new appearance . M. M. Buescher of Buescher Wholesale Company, Washington, Missouri, toured the St. Louis coin machine centers this week. He found one counter model phonograph which he snapped up—but "man size boxes are impossible" he declared, ruefully.

Veteran vending machine op Walter Bowman is again on the scene after a protracted vacation. Walter poohpoohs the headaches of phonograph operators compared to his own. "I have been putting one-third and onequarter quotas of candy bars in my machines" he griped. 'There isn't any shortage of records' . . . Earl Bowman, veteran repairman, operator, pilot and Jack of All Trades has joined the staff of Jack Rosenfeld, St. Louis Bally distributor. Earl has worked for every distributor in the circuit at some time-something like Bobo Newsom of the Washington Senators.

Walter Gummersheimer, old time Mills distributor here, was making calls on old friends through the last week . . . Pin game op Bob Thomas grabbed up several used games last week, painted them up himself, and had every one in operation 48 hours after delivery . . . Forrest Goodall is driving a new Ford convertible, minus bumpers, which won't be delivered for some time. Pals are kidding him about the "snowplow" wood planks he substituted for the time being.

Five new Rockolas were delivered during the week, from Ideal Novelty. Ecstatic new owners are ABC Novelty at Belleville, Ill., MMM Novelty Company at Bemld, Ill., and D. E. Vawter, from Moberly, Mo. All had been waiting for many months . . . Tony Esposito, former pinball mechanic, has opened up a tourist cabin string south of St. Louis . . . Harold Brown of Mattoon, Ill., and Jimmy Carmody from St. Louis, are looking for new equipment downstate this week.

INNEAP

This past week had the local ops sweltering in weather of 90 degrees and over-that is those who didn't leave everything and rush up north for some fishing and swimming and the cool mountain breezes. But working in reverse, the warm weather brought many operators from out of town to the Twin Cities. It always works out that way.

Rube Wills of Alma, Wis. was in Minneapolis for his first visit in over a year. Rube has a little more time on his hands now that he has sold a good portion of his Fred Fixel of Pembina, N. D. breaks his music route . . . son in right by having him along when he called on the distributors . . . Mark Coughlan of Mankato, Minn. in town calling on the distribs, accompanied by his son Jim, who since his release from the armed services is handling 95% of the business . . . J. S. Chichester of Spooner,

Wis. sells part of his route to the Chapman family of the same town . . . Richard Dirckx of Marshall, Minn. tells us that his dad is back at Rochester and feeling no better ... J. E. Lowrie of Lake City, Minn. suffering from ulcers and has been keeping very close to the doctor's diet. Lowrie is 20 pounds lighter, but looking mighty good . . . Roger Chester of Bismarck, N. D. visited around town with his charming wife for three days. Roger bought part of the Van Specialty Company in his home town, and reports very fine biz.

Bill Hanf of the Austin Sales Co., Austin, Minn. stopped off here after spending two weeks vacationing far up in the northern part of the state. Bill, who has just received his discharge after 3½ years in the Army, will now go back to work with his brother Wesley, who has been taking care of the route during Bill's absence . . . Leo Claven of Long Prairie, Minn. here for a few days taking in all the night spots . . . Doc Berenson of the Minnesota Machine Co., Minneapolis, accompanied by his aged father flew to New York to see the Louis-Conn fight . . . Harold Lieberman of the Twin City Novelty Co. is back at his desk after a two week vacation up in the Kenora country . . . The Hy-G Amusement Co. is once again expandingconstruction will soon begin on an additional building in the rear of their present building . . . Jonas H. Bessler of the Hy-G Co. is leaving for a two week trip to Winnipeg and other points north with his son and wife \dots Glen Nickols of the K & N Sales Co., Winona is called the "flying operator". Glen often takes his location owners for a spin.

TTSBU

Sam Strahl of American Coin-A-Matic reports spontaneous interest in the AMI that far exceeded his expectations. Sam is also showing "Amusematic Lite League," Evans free play "Ten Strike" and Buckley's new "Track Odds" . . . Howdy Levine, of Mechanics Service says business was never better. Howdy's partner, Eddie Steel, is on the optimistic side, too, what with their four phones keeping them on the jump.

Meyer Popkins, with Pittsburgh Coin Machine Exchange, is now handling the Bally line. He reports the ops are well pleased with them. Lou Popkins was in Chicago recently and completed a deal to handle a new pin game. On test locations the game is said to have exceeded the manufacturer's advance claims. Mever says it will be a natural for the operators, and plans to make good on promised deliveries as rapidly as the manufacturer, gets into quantity production . . . "Acme Novelty Co." says Sam Horvitz, "is rapidly moving along with 'Bowl-O-Ball'. Sam expects to have 'Pitchem' a new counter game in stock in a few days."

Ben Long and Ray Emerson of Mulligan Distributing Co., are being ably assisted by L. P. Branson, Aireon Factory Service Supervisor in conducting a six-week class geared to instruct service men in proper installation and maintenance jobs . . . Joe McGlenn of McGlenn Distributing Co. is wearing a smile a bit wider than Fifth Ave. He has a large shipment of Daval counter games and "Columbia Bells" on hand.

B. D. & J. D. Lazar believe that current conditions are responsible for deliveries being behind the demand—J. D. expects the situation will improve after the Fourth of July is safely past . . . Joe Cohen of Tri-State Autocoin enjoyed a few days of his vacation over the Fourth. By the way, Cohen and Jack Beever have completed and placed in operation a new record changer hookup for use with the Solotone. The new device uses a 12-record changer operating simultaneously with a 20-record changer. The combination assures a mix in records so that the patron cannot know in advance what comes up next . . . Jackie Fields of Smith & Fields, Wurlitzer distributors here, maintains, "No news is good news."

Sometimes.

THIS BEAUTIFUL LITTLE BOX ..

The Solotone Individual Music System . . . plus Solotone's exclusive 5c and 10c coin chutes . . . plus Solotone's trouble-free, long life service can give you the richest take in automatic music.

This is the little box that packs the B-I-G wallop — in looks — in tone — and in take! Solotone's brilliant color attracts extra attention. Solotone's genuine 6-inch speaker plays deep, rich music that brings customers back for more, and Solotone's double take in both nickels and dimes cannot be matched by any other system.

Get the complete Solotone story today. Phone or wire us NOW for complete details.
